

ANNOUNCEMENT

NEW PAVING STONE & SLAB PLANT By **CCI Industries**

Dear Valued Customer,

July 2008

On behalf of **CCI Industries**, Western Canada's leading manufacturer of branded concrete landscape and masonry products, I am pleased to announce that as part of our ongoing capital investments the company will undertake the largest capital investment in its history by building a new "**state of the art**" paving stone and slab plant at our facility in Edmonton. This **multi million dollar plant** will be fully operational by the autumn of this year. When completed the paving stone and slab plant will be the most modern paving stone and slab plant in Western Canada.

This new paving stone and slab plant is part of the company's commitment to grow our landscape sales in Alberta and across Canada by providing our customers the most complete range of market leading concrete landscape products. Some of our leading branded products are **Century Paving Stones and Slabs, Dek Block, BBQ Block, and 4in1 Edger**. We are also the world's largest producer of **Allan Block** concrete retaining wall systems and AB Fence products having sold over 40 million square feet across Western Canada. This new paving stone and slab plant will provide numerous exciting opportunities for our customers including:

- enable CCI to expand our market leading **Century Paving Stones and Slabs** product range in Alberta by providing to our customers additional designs, sizes, colours and textures.
- enable CCI to introduce to the Alberta market new paving stone and slab products designed to meet the needs of our landscape dealers and contractors.
- enable CCI to meet the growing demand of our masonry customers by "freeing up" capacity at our existing plants.

CCI Industries Ltd. is committed to manufacturing aesthetically pleasing and long-lasting concrete landscaping products. We also believe in building long-term relationships with all our customers. We invest in research and development to take full advantage of industry advancements and are committed to developing new products such as our recently launched **NaturalStone Solutions** collection. CCI products look great, last forever and enhance the value of landscape projects.

Your local CCI sales representative will keep you updated of the exciting opportunities that our new paving stone and slab plant will provide you and will be happy to answer any questions you might have.
